Dear Sir:

Applicants request that the attached reference be placed in the file wrapper under 37 CFR 1.97(i).

Japanese Patent Laying-open No. 11-340573 discloses a nitride semiconductor laser device. The present claims relate to a nitride semiconductor laser device having a particular width of a ridged stripe and a thickness of the stripe. Applicants submit the document does not disclose or suggest a nitride semiconductor laser device having the particular features recited by the claims.

Applicants believe no fee is necessary but in the event the U.S. Patent and Trademark Office determines that an extension and/or other relief is required, Applicant petitions for any required relief including extensions of time and authorizes the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to Deposit
